WHAT THE LORD TOLD ME ABOUT SEX

My name is David Gold. I learnt to hear from God after listening to a man named Mark Virkler and he can be found on YouTube. He has successfully trained more than a million people to listen and to hear from God.

When I first practiced to hear from the Lord, his first words to me were, "LET'S TALK ABOUT SEX!" From that time, he has told me many things about sex which are all documented but they are beyond the scope of this book.

What I share here is basically to challenge men who love God but are struggling with secret sexual sin. It's a road I have walked and there is no shame or condemnation in addressing the same before God. I pray that

these words will be cherished and lead you into a closer walk with the Lord.

If you're interested in all the things God told me about sex, you can look for my book called SEX AND GRACE. For now, let's dive into a Rhema that may change your life. A detailed research note is attached.

PERSONAL:

"I have appointed you to heal the mind from insanity of immorality! I am raising you as a mind minister. You will free the mind of my people to focus and concentrate on their purposes. Those who hear you, will seek their mandate. Because you sought your mandate from me, it has been given you to release the flow of focus to your brethren.

You shall not fear to be explicit. Through you, I will expose the thoughts of many and many hearts will be revealed. That which has been

operating in darkness will come to light in this hour to facilitate the healing of the mind.

- The devil has attacked the minds of my people with continual vexation of lust through perversion.
- The assault on the mind of my sons and daughters is relentless, making many mentally sick.
- The young and the old are no longer thinking straight
- The biggest hospital in the spiritual realm is for the mentally sick
- The mind gets attacked so that you lose your focus and concentration
- The most dangerous person to the kingdom of darkness is a focused man.
- Once a man loses his focus and concentration, he is no longer a threat to the enemy.
- The ultimate definition of a mad man is one who has no aim or goal in life because he does not know who he is or to whom he belongs.

- As people seek their mandate from me, focus and concentration will be birthed. The same will lead to much productivity and fruit that will last.
- Sexual and sensual distractions are being used against my people so that scores may die without accomplishing their purpose and my purposes.
- Once you have lost your focus on earth, you never matter in eternity.
- Even if you succeed in the wrong calling or career, you have failed in your purpose. To focus on the wrong calling is still zero purpose!
- Like Judas, it's better not to have been born than to succeed in the wrong thing! The enemy is behind every evil success. Judas succeeded in betraying Jesus. But such success is equal to failure.
- The current global DISTRACTION devices of the enemy include but are not limited to:

1. South American soaps
2. Hollywood movies
3. Cartoon network
4. Worldly Music videos
5. Internet pornography
6. House-hold television
7. Peer pressure
8. Social media and the phone

PROVIDENCE:

"I have given the story of Samson as your heritage. His sin-and-repentance cycles define your walk with me. The same is the pattern of your generation.

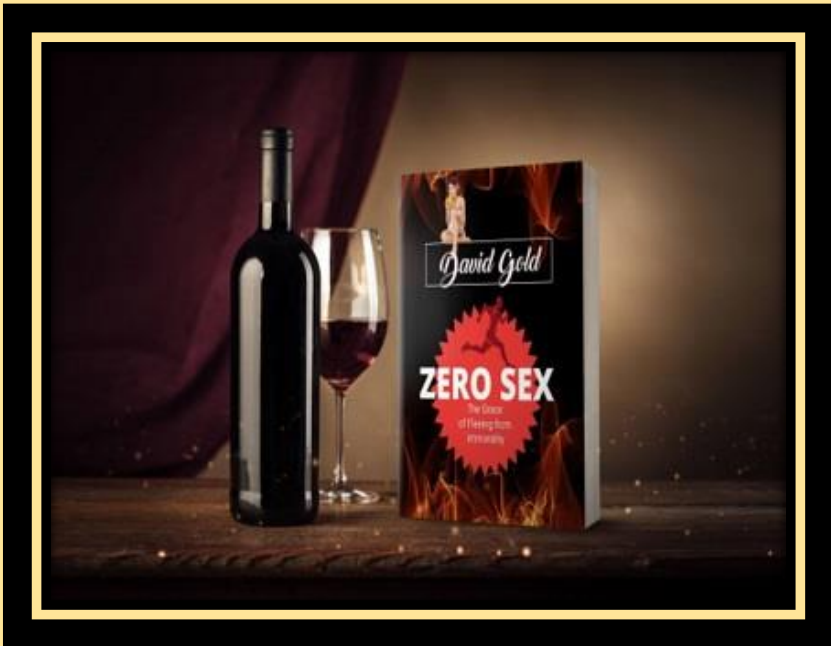

"Out of weakness you will be made strong. Your point of greatest weakness will become your greatest point of strength by reason of my grace. Your failures will be your rising. Your scars will be turned stars and your mess will become your message.

"Through your testimony the thoughts of many will be exposed. The hypocrites in Zion will be afraid and turn to me.

"Your struggles with fornication will become a great light to fornicators, adulterers and people living in sexual sin. Your story and life will become a revelation of my grace to many. In your candid honesty, redemption will be found by many. Roots of integrity will be established and a thorough clean-up will take place.

"There are those who will cling to your writings like a lifeline. Scores will literally doze and sleep with your books in their hands. The stir in Heaven is not small. Angels are excited about this work of grace. The same shall be reflected on earth by the interest your books will attract. People will not stop talking about this soon. Angels have been assigned to distribute your books.

"This message is my mercy to sinners revealed. It's a father's desperate cry before the midnight. It's my providence and road-block on the highway to Hell for millions struggling with the sexual sin. Scores will see it and turn back from their pet lusts."

KEEP ALERT AND PURE

"I am coming for a spotless church without a wrinkle or blemish. Whoever has this hope let him purify himself. I call you my virgin and my bride. I have betrothed you as a chaste virgin. I am your virgin groom. Keep yourself ready for your wedding!

"I am coming soon and I am coming as a thief in the night. Keep alert and vigilant. Watch and pray and be ever ready for me. I would hate to find you asleep or filthy. Keep alert and be pure. Be full of my Spirit and follow him wherever he leads. Let him be your constant friend.

"Set your heart to overcome sexual temptations. Make your heart ready to win all the time. I always lead my people into triumph always. But many of you have not made their hearts ready to overcome!

CHERISH MY WORD

"Winners cherish my word. I have looked into your hearts and I have not seen purity scriptures. I have not seen anti-fornication verses in your minds. I have not observed anti-adultery verses hidden in your hearts. You only memorize health, wealth and inspiration verses. Indeed you cram and memorize all the other verses in the book but fail where you need to succeed most. As long as you do not cherish anti-fornication verses you will always get into sexual problems.

"Every scripture has its place. Until you exalt purity verses and anti-immorality scriptures, you will keep losing in this battle. You can only fight effectively with the word in your heart. The word is your sword of the spirit. How many purity verses have you hidden in your heart? To the extent that you cherish to retain purity verses in your heart, to that extent you will enjoy victory over sexual immorality!

"You will never be sexually pure if you don't regard purity highly in your heart. If your heart is always bent on thinking impure thoughts and entertaining wrong sexual thoughts, it implies purity thoughts have been choked out of your heart. You will know that you regard purity when your mind is full of purity scriptures. When you hide my word and cherish it in your heart, victory becomes yours!

THE FEAR OF THE LORD

"I know many of you who keep going back to your immoral ways. You are not working out your salvation with fear and trembling. There's no fear of the father in your lives. You sin and repent and sin again deliberately counting on grace to bail you out.

"Grace is not a clutch for sinning believers to keep messing up their garments. Grace is my

guarantee for your holiness, purity and victory over all manner of sin!

"When you regard my fear in your heart, GRACE WILL PERFECT YOUR WILL TO OBEY ME and keep my word. When your heart is full of my fear, then my grace teaches you to say NO to all ungodliness.

"Come to my throne of grace today and ask for the grace to keep my word in your heart concerning sexual purity versus immorality. Ask for the grace to walk in awe and reverence of me. Ask me to pour my fear in your heart. Ask for the grace to work out your own salvation with fear and trembling. Ask to understand my severity and judgements.

"The grace of fear and trembling will work out discipline in your life. You will see evil from afar and avoid it. You will discern sexual temptations from afar and kill their sting. You will discern arrows of fornication and adultery and quench their fire from afar.

"Sexual temptation and sin thrive in darkness. Ask my spirit to teach you to walk in the light of my word. Consciously ask my Spirit to teach you to say NO!

"Ask my Spirit to train you to flee from immorality. Saying NO and fleeing from sexual immorality is a function of my anointing. Those who place their trust in themselves keep falling.

THE HOLY SPIRIT

"Consciously ask my Spirit to get rid of your pride of life, lust of the eyes and the lust of the flesh from your life. Everything in the spiritual realm is effected consciously and deliberately.

You do not suppose or hope that things will just change. You initiate the change you want to see. You create your reality by involving my Spirit in your words and actions.

"Those who teach you to speak must teach you to work with my Spirit. Without my Spirit your words are useless. Such words, even if spoken in faith, such faith is faith in yourself. Such words will fail to perform. My Spirit makes your words come alive! LEARN TO CONSCIOUSLY WORK WITH MY HOLY SPIRIT. He is a gentleman and does not gate-crash or interrupt the programs of men. Learn to invite my Spirit in your life and circumstances.

"The Holy Spirit is attracted to my words in your heart and in your mouth. When such words are hidden in your heart and spoken through your mouth, he performs and creates with you.

When you assume you can create without inviting or involving my Spirit, you are under presumption and PRIDE. Nothing will happen! If my words are only in your mouth,

they also won't work. Lip service does not work in my kingdom.

"Pride of life is a malfunction of the spirit. Lust of the eyes is a malfunction of the soul. Lust of the flesh is a malfunction of the body. Ask my spirit to remove the pride of life and replace the same with my humility. In the same vein, lust of the eyes must be replaced with my purity. Lust of the flesh must be replaced with the discipline of love. DISCIPLINE OF LOVE IS SELF-CONTROL.

PLEASURE

"Many are trying to live pure lives without success because they have never hidden the word of purity in their hearts. Only the word hidden in your heart can renew and transform your life. Your desire to be holy and pure must be accompanied by the conscious hiding (Memorizing and

Meditation) of my word in your heart concerning purity and holiness.

“The word of purity you memorize must shift from your head and get into your heart as the truth. The truth cherished and held in your heart will become a revelation of purity. It’s this revelation of truth that sets you free.

It’s the truth that is loved and cherished that sets people free. Many people hate anti-fornication verses. Scores of my own people love adultery and desire to sin with multiple sex partners. But it’s only the willingness to accept the truth and obey it that guarantees your freedom.

“Men must learn to see women as their sisters and mothers. Women must too learn to see men as brothers and fathers. Else, lust will continue thriving in my house. My house shall be called the house of prayer. Lust kills prayer. Prayerlessness births compromise. Compromise promotes sexual sin. Sin leads

to coldness, lost love and backsliding. Backsliding ushers you to Hell.

LOVE

"Many people love fornication and adultery. They cherish sexual immorality above purity. They may cry for freedom but they will never be delivered until their love for truth rises above their secret desire for illicit sex! No matter how much a person tries to rise above their sexual sin, deep inside them the desire for the same sin brings them down!

"You must love purity and cherish it. On the contrary you must hate sin. If you love purity but fail to hate sin, you will still fail. To become like me, you must hate what I hate and love what I love. Love righteousness with all your heart!

"Many people love pleasure above me. Until your love for me exceeds the love for sexual pleasure, you will still remain in your sin. The

chains that bind you break as your love for me increases. Love is your ultimate deliverance. If you love your brethren, you will not sexually sin with them. If you love the sinner, you will not sexually sin with them. Love will set you free!"

Chapter 3

NO ONE IS DESTROYED BY SEX SCANDAL

One day after a season of prayer, the Lord spoke to me these words:

"No one is destroyed by sex scandal"

I started to argue because I had come across many media tales of ministers of the Gospel who had fallen prey to this form of destruction. "What of so and so?" I asked and kept quoting people.

The Lord answered me thus:

"It's not the scandal that destroys one's Faith. It's discouragement. When Satan is attacking your character through people, it's not the scandal he's after exalting.

"It's your spirit he's after burying under a weight of discouragement. Once you cannot rise from this discouragement, your Faith is gone.

"When your Faith is gone, you have been destroyed. Satan cannot take your faith. You must surrender it at the altar of discouragement, guilt, doubt or fear...

"Once you have been attacked, the question is always where your focus is. Most people under attack are distracted from the Author and finisher of their faith.

"They look away from me instead of clinging to me at the moment of trial by slander, scandal or sleaze.

"They make the classic mistake of looking at THEMSELVES. They forget that in them there's never been anything good apart from me.

"The jar is clay. Only when I am inside do I make the treasure within. I am the treasure within every believer. Your focus should always be on me.

"It's Pride that makes people look at themselves instead of me. Your name and fame and face should no longer be on yourself. You belong to me and I own you.

"On the cross I was crucified naked and despised the shame thereof. I did it for you. Anyone who accuses you accuses me. I was crucified for your slander and scandal. I died your shameful death. It was for you.

"When you look at yourself instead of me, in essence you are saying you can pay for your sin, your reputation and defend your character.

"The truth is you cannot defend and should not defend your reputation. Even your character you cannot defend. You cannot make yourself. I am your maker. I am your character. Even if you have failed flat, you cannot redeem yourself. Only me can vindicate you and give you a clean slate.

"Do not believe any man or woman who condemns you. Such a man or woman is not serving my interests. Such a person is serving the whims and plans of the devil.

"All Gold must be purified by fire. Sometimes I allow the scandal and set you up. That's how I refine your character.

"That's exactly what happened to Joseph in the house of Potiphar. There are some scandals you will never escape even if you are prayerful.

"Wisdom is to focus on me despite what people or the media says. Never be distracted. Never be discouraged. If you get distracted, you will be discouraged.

"The secret is to focus on me. Even if the scandal is true, as in the case of David, still focus on me. Else, you will be discouraged."

Chapter 4

MANY WILL BE SAVED AND RESTORED

"I will stop many men on their sinful tracks through your stories. I will arrest them at the deepest point of their paralysis. They will brood, reflect and turn back to me.

"What you write will mirror the motions of their souls and most will be stunned to realize the truth. Once the enemy is unmasked, their

minds will be released from prison of darkness by the entrance of light.

"The entrance of my word brings light." There are men to whom sex is their biggest attraction. Here, they waste their time, strength, talent and money. It's these men I am after.

"I love them. I have called them. And I will keep calling them. I will save their focus, talent and money. Ultimately, I will save their girlfriends, mistresses, families and destinies.

"Because of what you write, many will stand in glory before my throne. Many will stop spending money on porn, prostitutes, girlfriends or mistresses. Scores will stop impressing girls with money. I will arrest waste and settle lonely men in families.

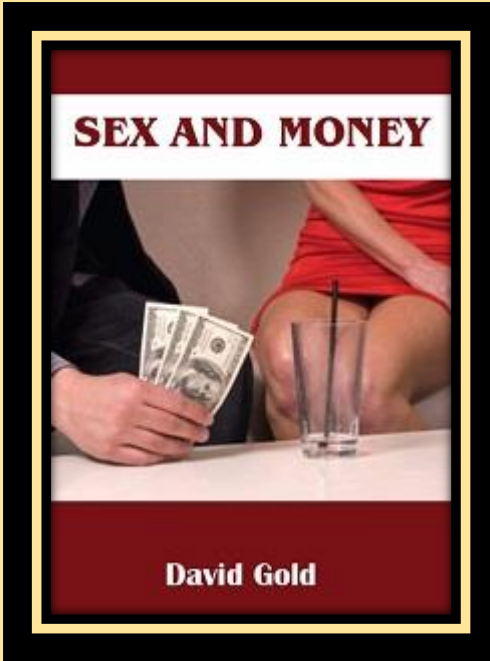

"Many men will see the need to build lasting relationships with me and other men. Scores of lonely men will come from isolation and I

will heal them. You will teach them to eat and shake and trample on snakes of shame. Shackles of shame and isolation will be broken. Fellowships will be born and thrive where men will worship me.

"Many lands, property and bank accounts will be salvaged. These would have otherwise perished by the hand of prostitutes or crafty mistresses.

"Men who would have died poor and lost will be saved and die wealthy. You'll beat the enemy at his game of ruining many lives. Many men will become their brothers' keepers. The enemy hates this.

Since you asked for many lives, the same has been granted. Men and women will learn to hear from me because you heard from me."

Chapter 5

STOPPING FORNICATION NOT ENOUGH

NOT THE LORD; MY COUNSEL:

If you listen to a powerful anti-fornication **message** on a Sunday, then obey the message for two months down the line, but turn to fornication in the third month, it

means you are not in control of your sexuality.

Even if you stopped fornication for three years or two decades but then relapsed into the carnal game, rest assured the Sexual sin is not your problem.

Your solution is not the sin of fornication. Your problem is the root cause of fornication. The root of all sin is iniquity. Iniquity is the cell of evil.

Even if you go through deliverance after repenting all your sin, the root cause of your problem will persist.

God can Judge all unrepentant evil spirits and demons in your life but to be cleared of all fornication, one must deal with iniquity. Iniquity is the desire resident in the core of our own hearts to do evil. The will and ability to plan and execute evil must be slain at the cross.

Until we understand total surrender in the deepest expression of humility, holiness in this area will elude us for years. Sadly, most will meet the Lord with hearts full of adultery.

Deep inside, we love the joys of sin and sympathize with the evil we loath. We long for one more orgasm even though it will bite and sting.

To the degree we are willing to go back to fornication, to that degree we are willing to fall into Hell.

You may never imagine yourself in Hell because you are in church and you are going through the motions, but be warned.

In a vision I saw many Christians in Hell. They waited till it was too late to repent and they fell into Hell.

Do not live in false hope of being alive for many years if God has never confirmed it to you personally.

Always be ready to meet your maker in the best shape. Deal with rebellion in your heart. Tell the Lord to crucify the iniquity within you. Cry out for total cleansing and washing by him.

Only those free of iniquity can truly serve God with a clean heart.

Chapter 6

MAGNIFY MY LOVE

Magnify my love
Magnify my love
My love will set them free!

My love is greater than their weakness
My love is greater than their wickedness
My love is greater than their sexual sin
My love is greater than their cycles of failure
My love will set them free

My love protects the sinner from himself,

From herself, from her accusers
I am the only hope for the sinner
I have not called you to judge the sinner
Shower my love on the sinner

It's not time for my judgement, not yet
Leave judgement to those I have appointed
Your role is to magnify my love
You are a trophy of my grace
Extend my grace to your brethren
And those called to hear your voice

Show sexual sinners my genealogy of grace
Tell them of Abraham and Hagar
Tell them of Tamar and Judah
Tell them of Ruth
Tell them of Rahab
Tell them of Bathsheba
Tell them of Jephthar
Tell them of David
Tell them of Samson
Tell them of Solomon
Tell them of Hosea and his wife
Tell them of the Samaritan woman

Tell them of the adulteress caught in the act

PART 2

RESEARCH NOTE FOR READERS:

7. BOOKS

Our books contain astounding and gripping sexual stories shared by hundreds of people across the globe following spirit-led research which was birthed in the 40-days fasting period. The founder saw many Christians who had ended up in Hell due to sexual immorality. The Lord told us to address sex in the church and invite the perishing world to repentance.

Jesus is coming soon, but many Christians are not ready. They are busy fornicating, unaware of the lateness of the hour. If some of the famous people you know died today, you would be shocked to find them in Hell due to a secret immoral life-style.

One of the most terrifying findings of the damning research is that even those like us who are preaching against carnal pleasures are embroiled in secret sexual immorality. Many of the leaders within the church can no longer pray because fornication first attack is prayer.

Jesus said my house shall be called a house of prayer, but fornication and the love of money have swept away prayer out of the church. Active intercession is rarely practiced, and lustful thoughts are attacking those who try. They come from the prayer closet and run to fornicate. That's a powerful demon at work in the life of a Christian. The church has grown very weak morally.

Several men and women of God have lost their ministries to fornication. Parents are daily losing their children to sexual immorality. Entire institutions, corporates and nations have lost the purity war.

Even so, decisions to fight and stand are being made daily too. Like Shadrack, Misheck and Abednego, some solitary young souls are saying

they will not bow to the gods of Jezebel and Delilah.

Our books will inspire your resolve to stand right with God in matters purity. We ruthlessly deal with sex in all its expressions and ramifications, bringing out details never before discussed in Christendom. The bible told us to expose works of darkness.

9.SEARCH:

Our research is long-term and broad-based and
therefore continuing. We have more than five
conceptual frameworks;
What is the role of the bible in addressing
sexual immorality in society?
What is the role of the bible in addressing
financial integrity in society?
What is the role of finances in promoting sexual
immorality?

What is the role of sexual immorality in promoting poverty?

What is the role of sexual immorality in dragging people to Hell?

What is the role of sexual immorality in frustrating the Christian witness?

The stories we share are case studies and can be used in illustrating truths or speeches or sermons, producing films, making documentaries and inculcating values. They come from ordinary people like you and me! Our initial research design is descriptive and ethnographic; mainly made up of these real case studies. The actual cases revolve around churches, towns, cities, colleges, high-schools, corporates, slums, estates, work-stations, individuals and homes.

For the final qualitative analysis, our team of ground research aims to poll over 5,000 people who continue to give their own stories and stories of close friends, towns, homes, families, colleagues, neighbours or relatives. The research in the grassroots involves observation,

recalling, recording and actual interviews with men and women within and without Kenya.

Our sources and the subjects include all and sundry; pupils, kids, students, wives, husbands, police officers, friends, pastors, bishops, siblings, caregivers, professionals, sociologists, gay, prostitutes, counsellors, teachers and politicians.

The details given for any story differs from person to person. Naturally, some people are more open than others. Some sample subjects have had more than 200 to 300 sexual partners, and they have a profound grasp of the issues of the chaos of sin and the pain of vanity.

Some people are continuing in their sexual sin, and they don't care. Others regret their past, while God's word has transformed others. The research aims to get leaders to use the bible to seriously address gaps between knowledge and behaviour in the departments of sex and finances.

The bible truth is supposed to be emphasized to bear upon the minds and hearts people living in sin. The same is projected to inspire repentance by presenting the realities with which people can identify. At all costs, every sexually immoral person needs to avoid falling into Hell!!!!

Sex evangelism is speaking the language of the sexual sinner and being a friend to the same via applying the word of God. It is sitting where the sinner has sat and standing where he has stood to address the things he or she has experienced and was never able to relate the same to scriptures.

10.SEERS:

VISIONS & DREAMS

Our stories are also spiritual. They are products of revelation, dreams and visions.

We prayed that the Lord might open our eyes to see what he sees and how he sees. We realized we are limited in our investigation of human sexuality. We know and acknowledge that there

are spiritual strongholds and a demonic aspect to sexual immorality that needs discernment and deliverance.

We realize we cannot minister to people without God's power. Some people have been unable to shake their chains off for ages. Others have tried everything in their power to break free without avail. We know of people who have done everything, including fasting for 21 days and 40 days and yet the sexual errors, mistakes and blunders keep them from shining as lights in the world.

We know that only the glorious light of the Gospel and a special revelation of habitations of the dragons can untie and set free some people. Some sexual demons are so perverse they want you to die and go to Hell without repenting of your sexual sin. (See in the bible the stories of Cozbi & Zimri, Sodom & Gomorrah, Amnon & Absalom).

We need spiritual sight to escape sexual bondage. There's a deep need to locate their background and scatter their legal grounds

while breaking faulty foundations. All bondages can get broken by application of God's word, knowledge and truth.

11.SCRIPTURES:

BIBLE STORIES

The sex stories of the bible are simply gripping and engaging. We love re-telling the virtues, values and the vices contained in the said stories.

Years of reading and meditating on the bible sex stories have provided us with a broad-based discussion foundation into any matters about sex. Among the many perspectives we have developed, here is a sampling angle of looking at the bible sex stories:

Think Twice!

12.STORYTELLER:

THE LOST ART.

Theologians have branded Jesus the most excellent teacher, the greatest prophet and the greatest everything else apart from what really defined his convenient means of delivery.

PARABLES! Truth be told, Jesus is the greatest storyteller who has ever walked the surface of the earth. History is simply His-story! That's why we still easily remember:

The Prodigal son

The Good Samaritan

The rich man and Lazarus
The wise and foolish virgins...
...and other stories!

A good storyteller must have a theme. Jesus stories revolved around the kingdom. The stories in our blog.brightminds.co.ke are about sex.

In this site, our seminars and books, we capitalize on the glory of the story. We believe in the power of the story to capture the imagination of man more than any facts, quotes, epithets and statistics can do! The story is king in the arena of media and communication. The story towers over Everest in the realm of speech, delivery and dialogue.

Sadly, over the years and centuries, the pornstar and the secular novelist stole the narrative from the Christian and left him with a dead theology of maps and facts and units and lessons and points and doctrines. What for? We need the story back in the church. When we stopped telling the story in Sunday school, our kids started going astray. When we gave the

Cartoon Network and the Hollywood the prerogative of telling us the secular story, it introduced the stories of the enemy and gave a black-out to righteousness.

We must regain the glory of the story. The story sticks. The story lives on. The story saves.

13.SUBTRACTION:

DISCLAIMER

Africa is mostly an oral continent! Few people have the time to write their own stories in Africa. This is very sad because Africans love stories. We are writing the stories of others. The stories were compiled in a central unit away from the field, and some of the original details, innuendos, allusions, intimations, inferences might have been lost or dropped in the final scripts.

Some stories were given anonymously, or by third parties and as such, much as we trust our

sources, this does not necessarily imply the stories were received as perfect without errors, exaggerations or omissions. Whether the mistakes in our stories are primarily from the source or secondary from the tellers or tertiary by the compilers, we do not hold the stories here-in presented to our readers as 100% perfect.

Sex stories in our books did not come from Christians only. They came from all manner of people. Some stories are raw and explicit. They reflect the tastes and the language, mood and passion the storyteller. The “fuck” words and penis, vagina, dick, ass, bums, boobs have been retained without shame or fear of contradiction. (Some brethren got angry when they saw these words in the sex on campus). We understand, but our books are not for the church folks.

However, stories in which the original real tellers are involved, some locations and people’s names have been tweaked to deflect embarrassment, shame or discomfort associated with getting naked before strangers;

especially when you don't want some other persons like your boss, family, enemies or spouse to know some aspects about your private life.

Some bible stories and real field stories have been re-written to add flavour, feel and faculty to the same for reasons of education, instruction, criticism and correction.

If by any chance, some stories resemble your own, but to the best of your knowledge you have never been approached by our research team for sharing or commenting on our work; such resemblance, to actual persons, events, locales, incidents or characters is entirely coincidental especially when any aspect of the story is altogether different from yours.

18.ABOUT US:

Through true testimonies, confessions, Rhema, books and bible sex stories, we help men overcome sexual temptations, lust and porn; perfecting Holiness in the fear of God.

The Lord instructed me to read all the Bible sex stories and write such redemptive sex stories for my generation. I have gathered thousands of sex stories and they are all TRUE and redemptive. They carry great lessons, warnings and transformative entertainment. Above all, they are filled with divine suspense. Many readers have testified.

Many experience victory over LUST, fornication and adultery. We discuss porn addiction, lustful thoughts, freedom from sexual sin and strategies to win the war on fantasy and masturbation.

We advocate BOTH the GRACE & the WRATH OF GOD. Learn why millions of Christians are going to HELL no matter who tells you “Once saved, always saved!” Lot’s wife, Judas, Demas, Ananias, Saphira, Dathan, Korah and King Saul and King Solomon are proof that believers can be lost.

Even so, the genealogy of Grace also shows that anyone can make it God’s kingdom! God’s love triumphs over God’s wrath. God’s mercy triumphs over God’s judgement. Yet, we must balance his kindness versus his severity.

We learn & teach from both the WORD & the WORLD. In the end, you'll stop blocking your blessings, angels & purpose.

You'll learn to mentor others to get ready for Rapture & Heaven. Welcome to our

YouTube channel on FOCUS and stop chasing women. Your Focus will improve your impact, income & influence.

DISTRACTED MEN have been straightened to focus on God and pursue their purpose & reward in eternity. Beat the three enemies of FOCUS: Sex, Money and Power. The three distract many people from their purpose and Focus.
